Pearson Education Limited. Paperback. Book Condition: new. BRAND NEW, Friends for Life, Deborah Ewing, Noreen Ramsden, To the Teacher Use this story for life orientation, health, citizenship or cultural studies lessons, or as a reader in the English class. The story can be used to look at: \* bullying \* peer pressure \* social exclusion \* conflict situations \* self-management \* the value of friendship for children affected one way or another by HIV/AIDS Friends for life also introduces the highly regarded concept of 'memory boxes' as a way of coping with the death of a loved one. The story itself is layered with emotional aspects of friendship and love. Young adults are more vulnerable to HIV/AIDS than anyone else. From an early age we should encourage children to develop self-respect and respect for others. This is one of the JAWS HIV/AIDS readers developed for secondary school learners. The story conveys both the basic information about AIDS/HIV (health promotion) and the more subtle psycho-social dimensions of the pandemic affecting learners' lives (personal and social development). It can be used as a reader, or to help teachers introduce subject matter that is difficult to manage in the classroom.
