Emereo Classics, Australia, 2012. Paperback. Book Condition: New. Original. 244 x 188 mm. Language: English . Brand New Book ***** Print on Demand *****.Although best known for his scientific romances that paved the way for the modern science fiction genre, H. G. Wells (1866-1946) produced significant works on politics, society, science and history. Fascinated as much with the real world as his imaginary one, and displeased with the quality of history textbooks at the end of World War I, Wells took on the task of writing his own book of world history. In 1919 he published *The Outline of History*, which he soon followed with the much shorter and highly popular work, *A Short History of the World*. This condensed work is a monumental account of the physical, spiritual, and intellectual evolution of the human race, and chronicles key events of humanity's development. More importantly, Wells brings to light the continuity of history, and provokes thoughts on the future implications of our scientific and intellectual progress. This is a high quality book of the original classic edition. This is a freshly published edition of this culturally important work, which is now, at last, again available to you. Enjoy this classic work. These few paragraphs distill the contents and give you a quick look inside: If, then, we represent our earth as a little ball of one inch diameter, the sun would be a big globe nine feet across and 323 yards away, that is about a fifth of a mile, four or five minutes' walking. . All round and about these bodies there would be emptiness until you came to Mars, a hundred and seventy-five feet beyond the earth; Jupiter nearly a mile away, a foot in diameter; Saturn, a little smaller, two miles off; Uranus four miles off and...
