

Applied JQuery: Develop and Design [Taschenbuch] by Blanchard, Jay

By Jay; Blanchard

Peach Pit, 2011. Taschenbuch. Book Condition: Neu. Gebraucht - Sehr gut Unbenutzt. Schnelle Lieferung, Kartonverpackung. Abzugsfähige Rechnung. Bei Mehrfachbestellung werden die Versandkosten anteilig erstattet. - Applied jQuery teaches readers how to quickly start writing application interfaces. The beautifully designed book offers practical techniques and provides lots of real-world advice and guidance. The Author, Jay Blanchard, has practical experience working in the field and wastes no time getting to the instruction, taking the reader from a beginner to a proficient interface programmer by the end of the book. Today's Web developers are expected to be well versed in many different technologies. While it is good to have a shelf full of books that focus on single technologies, having a book that shows developers how to combine these technologies is key. This book takes the reader beyond the fundamental mechanics of individual technologies to illustrate the value and power of combining jQuery and PHP with templates and layouts handled by HTML and CSS. Beginning to intermediate web developers designing and developing web application interfaces and web sites will learn how to blend these ingredient technologies, as well as how to secure jQuery. 256 pp. Deutsch.

Reviews

This publication may be really worth a go through, and a lot better than other. It really is writter in simple terms and never difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Natalie Abbott**

This book will not be simple to get going on reading but extremely exciting to read through. Yes, it can be play, still an interesting and amazing literature. I am very easily could possibly get a delight of reading a written book.
