By Chet Haase, Romain Guy

Pearson Education (US), United States, 2007. Paperback. Book Condition: New. 234 x 178 mm. Language: English . Brand New Book. Filthy Rich Clients refers to ultra-graphically rich applications that ooze cool. They suck the user in from the outset and hang on to them with a death grip of excitement. Filthy Rich Clients: Developing Animated and Graphical Effects for Desktop Java(TM) Applications shows you how to build better, more effective, cooler desktop applications that intensify the user experience. The keys to Filthy Rich Clients are graphical and animated effects. These kinds of effects provide ways of enhancing the user experience of the application through more attractive GUIs, dynamic effects that give your application a pulse, and animated transitions that keep your user connected to the logical flow of the application. The book also discusses how to do so effectively, making sure to enrich applications in sensible ways. In-depth coverage includes *Graphics and GUI fundamentals: Dig deep into the internals of how Swing and Java 2D work together to display GUI applications onscreen. Learn how to maximize the flexibility of these libraries and use them most effectively. *Performance: Follow in-depth discussions and tips throughout the book that will help you write...
