

Your Free Open Source Music Studio

Filesize: 4.06 MB

Reviews

This ebook will never be effortless to get started on studying but extremely fun to read through. It is actually written in easy phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Pearl Corwin)

YOUR FREE OPEN SOURCE MUSIC STUDIO

Cengage Learning, Inc. Paperback. Book Condition: new. BRAND NEW, Your Free Open Source Music Studio, G. W. Childs, If you're looking to discover the very latest music-making technologies, and you want to save money, "Your Free Open Source Music Studio" is for you. This exciting new book takes readers deep into the world of open source software - where the new, the innovative, and the affordable is key. The book delves into pre-screened useable and reliable music shareware and freeware software, beginning with shareware DAW recording software. This section discusses the various multi-track recording software programs that are available free of charge and explains how you can get your hands on them. There are also tutorials on how to use these programs. Coverage then progresses to the various forms of plug-ins available, from virtual instruments to correctional plug-ins, like compressors. The book also examines stereo audio editors like Audacity, which are a necessity for mastering, destructive edits, and more. Many of the technologies the book covers are more advanced than anything you can currently purchase, but they're free! This is a must-have resource for any musician looking to save money while learning the latest technologies.
